Maize Crop Hopes Fade In Dry Days

ONLY FOUR CARS OF COMBINE GRAIN SHIPPED OUT SO FAR BY HAMLIN BUYERS

Hamlin region's maize crop is of the unknown quantity nowadays. And the lack of rain during the past 30 days is the cause of it all.

Even if rains were to come within the next several days, it is doubtful if very good yields could be made by a great percentage of the combine maize that is in various stages of development over the area.

Average maize in the territory is about three feet high, just beginning to head—but suffering terribly for want of moisture to develop the head and produce the grain.

Raisers declare that some of the later plantings would make fair crops of grain if good rains come within the next two weeks. Otherwise, most of the crop will probably be bundled for feeding purposes.

Only four cars of maize have been shipped for Hamlin this year. It was from early crops that developed on early spring rains. One hundred and ninety-seven cars were shipped from Hamlin last season.

Four cars of maize have been shipped out of Tuxedo, northwest of Hamlin.

Cotton and other crops were holding up fairly well in spite of the hot, dry weather, but even the cotton could use a nice rain to help in the fruiting period now.

COUNTY SOFTBALL GIRLS' TEAM TO VIE IN STATE TOURNEY

Plainview Oilers, girls' softball team from the community east of Hamlin, will be entered in the Texas division tournament of the American Softball Association, which gets into action next Friday, Saturday and Sunday. The girls will leave for Cowtown Thursday morning, August 8.

Girls' softball teams from all over the state will compete for top places in the three-day series of games beginning Friday morning. Opposing teams will draw for places after they arrive in Fort Worth.

George Ashburn and Hoyt Goodwin are managers of the group. Chick Hewitt will be chaperone of the girls.

Oilers nine is made up of girls from six Jones County teams that have been playing for several weeks. A warm-up game with Sweetwater softball girls will be played Friday evening at Sweetwater.

Girls scheduled to make the jaunt to the tournament are Fayrene Weaver, Gladys Carter, Dorothy Mae Jenkins, Doty Travis, Mickey Anglin, Wanda Ford, Wendy Carlton, Ruby Scarborough, Lela Mae Brigham, Bobbie Ruth Brown and Opal Dunnam.

McLaughlin Resigns as High School Principal

Resignation of H. P. McLaughlin as principal of the Hamlin High School was announced this week by the office of Superintendent of Schools I. R. Huchingson.

No successor to the high school official has been named. McLaughlin came to Hamlin last year from Dallas. He previously had taught in Colorado City, Sweetwater and other Nolan County schools.

Malton B. Fletcher Gets Discharge from Navy

Ensign Malton B. Fletcher, son of Mr. and Mrs. W. L. Fletcher Jr. of Hamlin, has been discharged from the Navy at the Personnel Separation Center in San Francisco, California.

After serving many months with the Navy, Ensign Fletcher is slated to arrive home within a few days, according to a Navy release to The Herald.

TO VIE FOR CONGRESS SEAT IN RUN-OFF

Voters of the 17th Congressional District still will have to decide who will be their representative in Congress to succeed Sam Russell of Stephenville. In Saturday's primary election the eight-candidate field was narrowed down to William W. Blanton of Albany, left above, and Omar Burleson of Anson, right. In complete unofficial returns Blanton received 10,389 and Burleson 8,595. The two will go into the August 24 run-off.

WILLIAM BLANTON LEADS EIGHT-MAN RACE FOR CONGRESS

William W. (Bill) Blanton of Albany and Omar Burleson of Anson will be pitted against each other in the August 24 run-off primary election, according to complete unofficial returns of Saturday's election in the 17th Congressional District.

Complete unofficial totals gave Blanton 10,389 votes, Burleson 8,595 and Ted Miles of Stamford 8,409.

Week-end tabulations disclosed a mighty close race between five of the eight candidates, with three different candidates reported from time to time holding the lead.

There still was possibility of a change in the definite standing of the candidates, as there still can be some variation in totals when the official canvasses are made in the 12 counties in the district. Possible errors could alter the positions of the second, third and fourth candidates as they stood Monday.

On the basis of complete unofficial returns, totals for the other candidates in the Congress race are: Robert R. Herring of Breckenridge, fourth, with 8,019; J. Bryan Bradbury of Abilene, fifth, with 7,000; Bob Wagstaff of Abilene, sixth, with 5,678; Gib Sandefer of Abilene, seventh, with 5,102; and Mrs. Nina J. Headrick of Sweetwater, eighth, with 2,662 votes.

Total vote tabulated for the district was 55,754.

WILLIAM B. TEAGUE BEATS CHASTAIN IN LEGISLATURE RACE

William B. Teague of Anson defeated his opponent, Claud H. Chastain of Hamlin, in the race for the State Legislature from the 115th District, composed of Shackelford and Jones Counties, the unofficial complete count from both counties revealed first of the week.

Total tabulations from Saturday's election gave Teague 3,435 votes and 2,246 for Chastain.

Chastain was given a slight majority in Shackelford County, receiving 823 votes to 599 for Teague, who received an overwhelming majority in Jones County. The Jones County count gave Teague 2,836 votes and Chastain 1,423.

J. D. Dickens of Anson, incumbent legislator from the district, was not a candidate for re-election.

Royce Lee Cohorn Is In Hospital in Germany

Mr. and Mrs. C. C. Cohorn of Hamlin received word this week that their son, Private First Class Royce Lee Cohorn is in a hospital somewhere in Germany. He will remain in the institution for 23 days for treatment. Young Cohorn is serving with the Army of Occupation in the Nazi territory.

HITSON AND FLAT TOP PETITION FOR SCHOOL MERGERS

Two more Hamlin area schools have filed applications with local school officials asking that elections be called for the purpose of voting on consolidation of the two districts with the Hamlin Consolidated Independent School District. Petitions were filed by Flat Top and Hitson districts.

Flat Top district adjoins the Hamlin district on the northeast. Hitson district is northwest of Hamlin.

Petitions will be submitted to the county judge within a few days, local school officials state, when an election date will be set.

Six other districts have been consolidated with the Hamlin district within the last three months. Already the Hamlin districts numbers 1,107 scholastics on the basis of 1945 enumerations.

Armstrong to Preach in Neinda Methodist Meet

Rev. A. B. Armstrong, pastor of the Sylvester Methodist Church, will do the preaching in a community-wide revival slated to begin at the Neinda Methodist Church next Wednesday, August 7, according to W. F. Richardson.

Services will be held at 10:00 a. m. and 8:00 p. m. each day. The series of meetings will continue through August 18. Community leaders urge everyone in the territory to attend the meeting.

VOTERS OF HAMLIN CAST 682 BALLOTS IN SPIRITED ELECTION POLLING SATURDAY

Six hundred and eighty-two votes were cast in Saturday's primary election in the two Hamlin boxes, according to unofficial counts made by The Herald Wednesday, 495 casting their ballots in the West Hamlin box and 187 in the East Hamlin box.

U. S. Senator Tom Connally received an overwhelming vote of 428 against 154 for the other four candidates in the running.

Hamlin voters tallied these totals for governor: Jester 211, Rainey 159, Smith 120, Sellers 58, Sadler 51, Shaw 6, March 3, McNutt, Hutchison and Burks, 2 each, and Turner, Brinkley, Minton and Brown, 0.

For lieutenant governor the two boxes voted: House 335, Shivers 134, Mills 77, Walker 31 and Winfree 10. George Sheppard of Sweetwater polled 509 votes to Clifford E. Butler's 93 in race for comptroller.

Jesse James received 412 votes to Clarence Williams' 174 in the state treasurer's race.

In the attorney general's contest Pat M. Neff Jr. received 339 to Price Daniel's 276.

Olin Culberson was given 473 votes in the railroad commissioner race to Mac Coker's 104 and Ike Lyons' 27.

Only One Run-Off Slated for County Races After Big Vote

V. F. W. TAKE LEAD IN STANDINGS FOR SOFTBALL LEAGUE

Standings in the Hamlin Softball League, sponsored by the Hamlin Junior Chamber of Commerce, were becoming more interesting this week as four teams were holding percentages above .700. McCaulley team, which has dominated the league top notch ever since the opening of the league, had been displaced by a rejuvenated VFW nine. McCaulley lost two games since last week's report in The Herald. The VFW team won three games and the Oilers won two.

Results of games since last week's report in The Herald follow:

Thursday—Oilers 19, Yellowjackets 13, Jaycees 8, Radium 7.

Friday—VFW 13, McCaulley 11; Celotex 9, Flat Top 2; Celotex 10, McCaulley 4.

Monday—Flat Top 2, Fire Boys 1; Radium 8, Fire Boys 2.

Revised OPA Will Put Ceilings on Most Items

June 30 ceilings on most items which are not exempted specifically from controls will be reestablished if legislation to revive OPA authority is finally approved.

OPA officials made it clear, however, that a return to former ceilings would be temporary in most cases, under the legislation. OPA has from 30 to 60 days to apply the new pricing standards set up. These standards, officials said, will require higher prices on a big block of products.

Mr. and Mrs. Paul Conrad of New Castle, Delaware, are visiting in the home of their daughter, Mrs. W. L. Boyd Jr. W. L. Jr. is at Plainview this week irrigating his maize crop.

MINISTER AT HAMLIN

J. C. Scott, above, is the new minister of the Hamlin Church of Christ. He will assume the local pastorate within a few days. Former superintendent of Haskell Schools, Bro. Scott will take the local pulpit place vacated in June by Mardell Lynch, who went to the Colorado City Church of Christ.

J. CLEO SCOTT TO TAKE CHURCH OF CHRIST POSITION

J. Cleo Scott of Haskell will assume the pastorate of the Hamlin Church of Christ next week, officials of the congregation announced this week. The new minister fills the place vacated by the recent resignation of Mardell Lynch, who accepted the minister's place with the Colorado City Church of Christ.

Bro. Scott has been superintendent of Haskell Schools the past two years and was principal two years prior to that. He resigned his school post at Haskell last week.

Scott has been active in church and civic affairs to Haskell County since 1942, along with his school work. He has served as minister of the Rule Church of Christ for the and civic affairs of Haskell County places in Haskell civic and service organizations. He was minister of the Knox City Church of Christ three and one-half years before accepting the work at Rule. Only last month he was named president of the Haskell Lions Club, having served the organization as vice president the year before. He held membership in both the senior and Junior Chambers past 15 months, and has held various of Commerce in Haskell, was on the local Boy Scout committee and was secretary of the West Texas Area Council at Camp Five Girls. He is a member of the National Educators Association and the Texas State Teachers Association.

Mrs. Scott also has been active in Haskell organizations and church work. She was historian of the Progressive Study Club. The Scotts have two children—Larry, seven, and Betty Ruth, two years of age. The family is selling their home at Haskell and are expected to get moved to Hamlin within a few days.

The family left July 28 for Marshall to visit his parents, Mr. and Mrs. R. A. Scott, and the former Haskell superintendent was slated to preach there. They will take a short vacation before returning to West Texas.

Thomas Stephens Joins Regular Army Air Force

Thomas C. Stephens last week volunteered for service in the regular Army for a period of three years. He will be in the Army Air Force. Son of Mrs. Maggie S. Waincott of Route 1, Hamlin, Thomas prior to his enlistment in the Army was engaged in farming operations.

GOVERNOR'S RACE TOPS INTEREST OF VOTERS SATURDAY

Jones County voters went to the polls Saturday 4,596 strong and made their choices for public office. As predicted before the election, interest was greatest in the governor's race, and the Congress race was a close second.

There will be only one county office run-off as a result of Saturday's polling, that for county tax assessor-collector. In this race Elzy Bennett will be pitted against Weaver Baucum. W. K. Horn was eliminated from the three-man race.

In other county races Roger Q. Garrett Jr. was named county judge over his two opponents, W. H. Eysen Jr. of Hamlin and Joel V. Grimes of Stamford. Votes were: Garrett 2,417, Eysen 594; Grimes 1,585.

Incumbent W. A. (Bill) Dunwoody, sheriff received a majority over his two opponents. Dunwoody polled 2,491 votes to 1,749 for Mose M. Jones and 403 for O. J. Ball.

George P. Hudson was named county attorney without opposition, as were Leon Thurman, district clerk, B. T. Beaver, county superintendent (who died Monday); and J. M. Arnett, county surveyor.

In the county clerk's race H. O. (Herb) Rowland defeated the incumbent, Mrs. Oma Spraberry, by counts of 2,429 to 2,156.

Bill Armstrong was ousted as county treasurer by Gene Spurgin Jr. Armstrong tallied 2,139 votes and Spurgin polled 2,394.

In the Hamlin commissioner precinct race Ralph Riddle, present commissioner, was defeated by Roy C. Brown. Votes were 428 for Riddle and 688 for Brown.

Four small boxes were still out in tabulations of the governor's race available to The Herald late Wednesday, but leading candidates in the gubernatorial running were: Beauford Jester, 731; Homer P. Rainey, 491; John Lee Smith, 428; and Jerry Sadler, 160.

In the Congress race, complete unofficial count of votes gave these Jones County standings: William W. Blanton, 522; Ted Miles, 920; Robert B. Herring, 141; Bryan Bradbury, 95; R. M. Wagstaff, 208; Gib Sandefer, 95; Omar Burleson, 2,350; and Mrs. Nina J. Headrick, 71.

First at Seymour Rodeo Won by Jessie Myers

Seven first places out of nine rodeos entered this year is the record of Hamlin's popular rodeo sponsor, Jessie Myers, daughter of Mr. and Mrs. Reagan M. Myers.

A beautiful saddle and \$45 cash constituted Jessie's winnings last week-end at the Seymour Cowboy Reunion and Rodeo, when she took first place in a spirited contest entered by more than a score of cowgirls of West Texas.

Miss Myers is scheduled to enter the Big Spring Rodeo next week-end which is slated to attract one of the biggest fields of sponsors in the West.

LET'S PLAN FOR NEXT YEAR'S RODEO NOW

One of the finest pieces of Hamlin community publicizing ever done was the crowd-attracting, notoriety-getting Hamlin Rodeo staged in the spring. And good publicity is one of the best tonics a town and community can get—if it wants to grow.

And now is the time to begin planning for next year's Hamlin Rodeo and those for subsequent years. Surely there is no doubt in any person's mind, who marvelled at the hundreds of people which this year's show attracted, but that the exhibition should be an annual affair. Permanent grounds must be established, since the equipment was moved from the city ball park and stored.

As already suggested by officials of the rodeo and other citizens, an ideal place for the permanent show grounds will be just north of the Katy Railroad tracks, where ample facilities can be installed for an expanding annual rodeo.

Every civic club in Hamlin should add the rodeo to its agenda of worthwhile projects for the current year. The rodeo is a community affair, a non-profit-making institution that will help put Hamlin on the West Texas map.

POLITICAL POT COOLS CONSIDERABLY

About 80 per cent of the political candidates were eliminated from the running in last Saturday's Democratic primary election in Texas. Some mighty good folks were defeated—but the people spoke their choice and all of us must abide by the vote count.

A lot of the bitterness of some of the state races will cease, and we hope it will not be renewed in the few run-off campaigns that remain. We have in mind especially the governor's race, in which lots of immaterial things were injected into the campaign just closed. We believe citizens of the state generally are interested in the qualifications of the candidates—not in certain acts of candidates. To be pointed, what in the world has the operation of the University of Texas got to do with a governor's qualifications? Let each of the two run-off candidates tell us why he should be elected to the office—not why the other one should not be named.

Most district and county and precinct races were clean. Particularly was the congressional race, which attracted eight candidates, conducted on a clean non-mud slinging basis.

When bitter words are not hurled in a campaign, winning or losing is a lot easier—because those involved don't have so much to be sorry for.

HOUSE NUMBERING WILL SIMPLIFY TOWN

"John Doe? Oh, he lives up that way about two blocks, then go that way till you come to the little white house on the corner—and John lives about three doors west of there, or maybe it's a block farther on."

That, Hamlin folks, is the way the general direction toward the house of the average resident of the town is given for a stranger. And is the stranger mortified by the hick-town directions!

If there is one project that needs to be pushed in Hamlin it is the job of numbering our houses. Two civic groups have included this job in their programs for the year. A concrete plan for numbering the houses will probably be announced within a few days.

And while we are numbering the houses, how about using a systematic street naming formula? For example, numbers of area towns have adopted simple plans on this order: Streets are given numbers, beginning at the extreme north edge of the town (which would probably mean starting First Street some eight or 10 blocks north of the Katy Railroad to allow for years of growth), then naming them in numerical order going south; and naming north-south streets avenues of the alphabet, as Avenue A, Avenue B, etc. (beginning probably with the colored section and naming them going west).

Under this system, a stranger would not have to know the name of a single street if he knows his ABCs and can count. After finding one marked street, he can figure the location of any given house.

The simplicity of the A-B-C principle is made more effective when the average citizen endeavors to name the streets in our town now. How many street names do you know?

WHAT CONTEMPORARIES ARE SAYING

DISPOSITIONS OF WAR-TIME CLERKS

It's about time somebody said something nice about the war-time clerks, waitresses and other service people in Post.

Of course, occasionally, we were mistreated by careless and incompetent clerks who just didn't care whether they did a job for their employers or not. Then, too, once in a while, we'd run across an employer, getting rich fast, who was very independent and who just wasn't a bit nice about anything.

But the point we'd like to make is that when folks make a sweeping indictment that everybody was discourteous during the war they are being very unjust to a large rank of people.

The vast majority of sales people, clerks, waiters, filling station attendants, grocery clerks, etc. deserve no indictment. These people made a real contribution to the home front. They worked hard, treated impatient and demanding people with courtesy and reflected credit on their employers. In fact, we've figured the good out-figured the bad by a margin of 20 to one.

Folks in service jobs had some trying jobs during the years just behind us so when you say all sales clerks and other service people were discourteous you'll have to prove it to us. We've worked with them, talked with them and had business with them, and with only a very small per cent it was just not so in our town.

In those nations where free enterprise has been either destroyed, crippled or subject to iron-handed political control, a free press has become a thing of the past. The press in such nations is simply a sounding board for dictatorship—the ruthless voice of the clique in power. It is not a coincidence that this is so. When a man or a group of men reach out to seize the economic resources of a nation, the first step must be to control that nation's sources of opinion and information. There can be no opposition. There can be no dissent. The death of free enterprise is inevitably

EX-ENGINEER WILL LEAD IN REVIVAL AT McCAULLEY CHURCH

Dr. W. Y. Pond is slated to do the preaching in a revival meeting beginning Sunday, August 4, at the McCaulley Baptist Church, according to Rev. C. E. Dick, pastor. Stanley Jackson will be in charge of the music.

The series of services will continue through August 18. Services will be held at 8:00 p. m. each day.

Dr. Pond was a railroad engineer before he entered the ministry. He often preaches what he calls his railroad sermon. This sermon is based on the Bible, and he illustrates his points by experience as a railroad engineer.

"As pastor, Dr. Pond has served some of the best churches in the state," Rev. Dick states, "but practically all of his years as a preacher he has given himself to the field of evangelism. He is serving under the state evangelistic board, having been elected by Texas Baptists as one of their evangelists."

All people to the McCaulley area are invited to the series of services, Rev. Dick declares.

Ike West Thanks Fisher County Precinct Voters

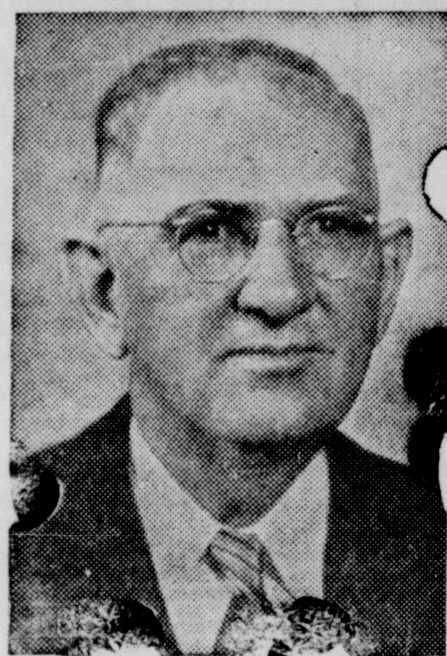

To the Voters of Precinct No. 2, Fisher County 2:

I take this opportunity to express to you my deep appreciation for electing me your county commissioner from Precinct No. 2 in Fisher County.

I will consider it a privilege to be of service to you at any time.

Respectfully—D. I. (Ike) West. 1p

Dr. W. Y. Pond, above, Baptist state evangelist, will preach in a revival beginning Sunday at the McCaulley Baptist Church. Stanley Jackson will direct the singing. Services will be conducted each evening at 8:00 o'clock. The meeting will continue through August 18.

Texas Leads All States In Number Polio Cases

Texas is reported leading all states of the nation in the number of polio cases for the year. Infantile paralysis already has struck more people this year than in the comparable period of 1944, second worst polio year in the nation's record.

Up to July 13 this year there were 2,596 cases throughout the country compared with 1,752 for the similar period of 1944. Texas leads the nation with 391 cases and Florida runs a close second with 338.

ELECTRICITY IS IN GOOD HANDS!

More Power

The cutting of land by the plow, the drilling of an oil well in the ground, the use of an axe against an oak—These are the symbols of man's power. That is how the pioneers of this country fought for survival. We have come a long way since then, but we still retain the initiative that built this country—freedom of enterprise.

Now the battle with nature has changed. Business-managed, tax-paying electric companies have turned the surging tide of nature's power into work beneficial to you. Giant turbines convert power to electricity to bring greater convenience, more pleasure and better living to homes everywhere.

COUNTY QUOTA IN FINAL U S O DRIVE NOT YET ASSIGNED

Hamlin and Jones County have not been assigned quotas as yet, but in typical style Texans are accepting their responsibility to put the state "over the top" in the next and final USO drive, Governor Coke R. Stevenson, general chairman, said this week.

Texas' share of the \$19,000,000 quota is \$800,000. Stevenson added "We are particularly pleased with the manner in which Texans are accepting the responsibility of leadership in the counties throughout the state. These leaders are providing the backbone of the organization necessary to make this drive a success."

Stevenson pointed out that there are approximately 125,000 Texans

OVER 100 DEGREE WEATHER HOLDS SWAY IN SECTION

Old Sol has really been beaming down on West Texas during the past week, and the Hamlin area has received its portion of hot weather.

Temperature readings have been above 100 degrees practically every afternoon for a week now, the high being reached Monday afternoon when the 104-degree mark was tabulated by privately owned thermometers.

Since no rain has fallen in the Hamlin section for about three weeks, things are really getting parched, including crops, trees and flowers.

Hot winds have continued to sear half-grown maize crops that are nearly ready to "give up the ghost" as far as producing good yields are concerned.

Hot weather of the past three weeks have "put the heat" on the city water works. Water usage has a little more than matched the filtering and pumping facilities of Hamlin, city officials declare.

Other portions of Texas were sweltering under late July suns this week. El Paso reported an unofficial 108½ degree reading Monday afternoon.

Miller Defeats Mauzey For Associate Justice

Judge E. J. Miller of Brownwood widened his lead on the basis of first of the week returns from the Saturday primary election in his contest with Judge A. S. Mauzey of Sweetwater for associate justice of the 11th court of appeals.

Monday night totals gave Miller 41,588 votes to Mauzey's 35,104. These tabulations did not include a few votes in Eastland County, but there were not enough unreported ballots to change outcome of the race.

COTTON COUNCIL AIDING DRIVE FOR STAPLE STABILITY

Present program sponsored by the National Cotton Council is designed to prevent recurrence of below-cost prices for the greatest single industry of cotton growing in the United States, declared Charles McDaniel of the NCC at the Tuesday noon meeting of Hamlin Lions Club at the Morgan Hotel.

"Something had to be done about the fluctuating of prices of cotton from six cents to 48 cents per pound," stated McDaniel, "and the National Cotton Council was organized to do that very something. Beginning in 1937, when cotton was bringing six and eight cents per pound, the council set out to find means of cutting production costs, increasing yields per acre and finding new uses for the staple that was being threatened by inroads of synthetic fibers," McDaniel stated.

The council is supported by producers, ginners, warehousemen, compress and seed crusher units and spinners, McDaniel pointed out.

The speaker showed samples of new developments with cotton fibers that promise increased utilization of the South's major crop.

Following reading of a suggested resolution born of the international convention recently in Philadelphia, favoring passage of amendments by Congress providing for economic freedom for private enterprise, the club voted to table the resolution for the time being.

Guests at the Tuesday luncheon were Paul Conrad of Delaware, Harold Houser of Lebanon, Pennsylvania, Bobby Watson and McDaniel, Bill Eyssen Jr. acted as taitwister at the Tuesday session.

Joel V. Grimes Thanks People for Poll Support

To the Voters of Jones County:

I am sincerely grateful to those of you who so graciously supported me in the recent primary. I might have withstood the surging tides of the last fateful day except for the below-the-belt blow which definitely put me in the county hospital, which institution I neither helped to build nor destroy.

I take it that the best man won, and I wish him every success.

Respectfully—Joel V. Grimes. 1c

POT-SHOTS FROM McCAULEY

BY GEO DARDEN

Mr. and Mrs. Bob Meeks and children of Borger are visiting with her parents, Mr. and Mrs. J. T. Rhoten.

The Methodist meeting in progress at the McCauley tabernacle will continue all this week. Rev. A. B. Armstrong, Methodist pastor at Sylvester, is doing the preaching.

Mrs. Frank Maberry is in a very serious condition at a Rotan hospital, and doctors have little hope for her recovery at this writing.

Mr. and Mrs. N. D. Miers and son were visitors with relatives and friends in McCauley last Sunday.

Home, to be at the bedside of their mother, who is seriously ill, are Frank Maberry Jr. and Mrs. Alice Bender of California, Mrs. Creed Smith of Odessa, Jack Maberry of Jonesboro, Arkansas, and Marvin Maberry of Fort Worth.

Mr. and Mrs. L. S. Chism of Los Angeles, California, visited last week in the home of her parents, Mr. and Mrs. Rufus Herbst, in McCauley.

McCauley softball club seemed to have had a tough game with the VFW team at Hamlin last Friday night. The McCauley players, who won the first half in the league, were somewhat disgusted and talked of quitting the league after the game, but after a pep talk by Manager R. L. Miers, they decided to fight it out for the second half. After some 40 years at ball playing R. L. (Red) Miers still likes the game, but admits he is getting too old to get the job done as a play—but he is too old to be a quitter. So, boys, the old home town is depending on you to "bring home the bacon" in the second half. Win, lose or draw, the fans are for you down in this neck of the woods, down in this neck of the woods.

The past four months we have all been more or less interested in Texas politics. Somebody must lose when they bet or run for office. It's a pity that all cannot win. We only hope all the folks will settle down and vote for the men of their choice—but vote! It's our American right and duty.

Visiting in the home of Mr. and Mrs. Ben Short on Tuesday of last week were her sister, Mrs. D. W. Smith, and son, Gordon, of DeLeon. Gordon has recently returned from Germany, where he was with the American occupation forces.

Mr. and Mrs. Melvin Courtney and daughter are spending their vacation in Waco and other East Texas cities. Melvin Hunter is rural letter carrier in the absence of Mr. Courtney.

It seems that the big softball game at Hamlin between the McCauley team and a Hamlin team nearly turned out to be a "free-for-all" one night last week. Both sides, we hear, claimed unfair tactics. Well, anyway, outside of a few black eyes, swollen ears, plenty of loud talk and all that goes with the sport—all are safe at home once again, even though the drug stores got a nice play from the sale of rubdown medicines of all descriptions.

Two hundred and thirty-three voters cast their votes at McCauley last Saturday in the Democratic primary as compared with 177 votes two years ago. Leading candidates at the box for Congress were: Bursleson with 49 votes, Ted Miles with 39, Bill Blanton with 36, Gib Sandefer with 32, and Bryan Bradbury with 21. All good boys, we think.

Hamlin Shows Gain in Gas Firm Connections

W. M. Braymer, district manager of the Stamford office of Lone Star Gas Company, this week reported that gas meter connections in Hamlin have shown a good gain during the past several months, which proves that the town is enjoying a steady growth.

Lone Star now has about 600 gas connections during peak seasons, the report by Braymer shows.

Maize Crop Hopes Fade In Dry Days

ONLY FOUR CARS OF COMBINE GRAIN SHIPPED OUT SO FAR BY HAMLIN BUYERS

Hamlin region's maize crop is of the unknown quantity nowadays. And the lack of rain during the past 30 days is the cause of it all.

Even if rains were to come within the next several days, it is doubtful if very good yields could be made by a great percentage of the combine maize that is in various stages of development over the area.

Average maize in the territory is about three feet high, just beginning to head—but suffering terribly for want of moisture to develop the head and produce the grain.

Raisers declare that some of the later plantings would make fair crops of grain if good rains come within the next two weeks. Otherwise, most of the crop will probably be bunched for feeding purposes.

Only four cars of maize have been shipped for Hamlin this year. It was from early crops that developed on early spring rains. One hundred and ninety-seven cars were shipped from Hamlin last season.

Four cars of maize have been shipped out of Tuxedo, northwest of Hamlin.

Cotton and other crops were holding up fairly well in spite of the hot, dry weather, but even the cotton could use a nice rain to help in the fruiting period now.

COUNTY SOFTBALL GIRLS' TEAM TO VIE IN STATE TOURNEY

Plainview Oilers, girls' softball team from the community east of Hamlin, will be entered in the Texas division tournament of the American Softball Association, which gets into action next Friday, Saturday and Sunday. The girls will leave for Cowtown Thursday morning, August 8.

Girls' softball teams from all over the state will compete for top places in the three-day series of games beginning Friday morning. Opposing teams will draw for places after they arrive in Fort Worth.

George Ashburn and Hoyt Goodwin are managers of the group. Chick Hewitt will be chaperone of the girls.

Oilers nine is made up of girls from six Jones County teams that have been playing for several weeks. A warm-up game with Sweetwater softball girls will be played Friday evening at Sweetwater.

Girls scheduled to make the jaunt to the tournament are Fayrene Weaver, Gladys Carter, Dorothy Mae Jenkins, Doty Travis, Mickey Anglin, Wanda Ford, Wendy Carlton, Ruby Scarborough, Lela Mae Brigham, Bobbie Ruth Brown and Opal Dunnam.

McLaughlin Resigns as High School Principal

Resignation of H. P. McLaughlin as principal of the Hamlin High School was announced this week by the office of Superintendent of Schools I. R. Huchingson.

No successor to the high school official has been named. McLaughlin came to Hamlin last year from Dallas. He previously had taught in Colorado City, Sweetwater and other Nolan County schools.

Malton B. Fletcher Gets Discharge from Navy

Ensign Malton B. Fletcher, son of Mr. and Mrs. W. L. Fletcher Jr. of Hamlin, has been discharged from the Navy at the Personnel Separation Center in San Francisco, California.

After serving many months with the Navy, Ensign Fletcher is slated to arrive home within a few days, according to a Navy release to The Herald.

TO VIE FOR CONGRESS SEAT IN RUN-OFF

Voters of the 17th Congressional District still will have to decide who will be their representative in Congress to succeed Sam Russell of Stephenville. In Saturday's primary election the eight-candidate field was narrowed down to William W. Blanton of Albany, left above, and Omar Burleson of Anson, right. In complete unofficial returns Blanton received 10,389 and Burleson 8,595. The two will go into the August 24 run-off.

rowed down to William W. Blanton of Albany, left above, and Omar Burleson of Anson, right. In complete unofficial returns Blanton received 10,389 and Burleson 8,595. The two will go into the August 24 run-off.

WILLIAM BLANTON LEADS EIGHT - MAN RACE FOR CONGRESS

William W. (Bill) Blanton of Albany and Omar Burleson of Anson will be pitted against each other in the August 24 run-off primary election, according to complete unofficial returns of Saturday's election in the 17th Congressional District.

Complete unofficial totals gave Blanton 10,389 votes, Burleson 8,595 and Ted Miles of Stamford 8,409.

Week-end tabulations disclosed a mighty close race between five of the eight candidates, with three different candidates reported from time to time holding the lead.

There still was possibility of a change in the definite standing of the candidates, as there still can be some variation in totals when the official canvasses are made in the 12 counties in the district. Possible errors could alter the positions of the second, third and fourth candidates as they stood Monday.

On the basis of complete unofficial returns, totals for the other candidates in the Congress race are: Robert R. Herring of Breckenridge, fourth, with 8,019; J. Bryan Bradbury of Abilene, fifth, with 7,000; Bob Wagstaff of Abilene, sixth, with 5,678; Gib Sandefer of Abilene, seventh, with 5,102; and Mrs. Nina J. Headrick of Sweetwater, eighth, with 2,662 votes.

Total vote tabulated for the district was 55,754.

Revised OPA Will Put Ceilings on Most Items

June 30 ceilings on most items which are not exempted specifically from controls will be reestablished if legislation to revive OPA authority is finally approved.

OPA officials made it clear, however, that a return to former ceilings would be temporary in most cases, under the legislation. OPA has from 30 to 60 days to apply the new pricing standards set up. These standards, officials said, will require higher prices on a big block of products.

MINISTER AT HAMLIN

J. C. Scott, above, is the new minister of the Hamlin Church of Christ. He will assume the local pastorate within a few days. Former superintendent of Haskell Schools, Bro. Scott will take the local pulpit place vacated in June by Mardell Lynch, who went to the Colorado City Church of Christ.

J. CLEO SCOTT TO TAKE CHURCH OF CHRIST POSITION

J. Cleo Scott of Haskell will assume the pastorate of the Hamlin Church of Christ next week, officials of the congregation announced this week. The new minister fills the place vacated by the recent resignation of Mardell Lynch, who accepted the minister's place with the Colorado City Church of Christ.

Bro. Scott has been superintendent of Haskell Schools the past two years and was principal two years prior to that. He resigned his school post at Haskell last week.

Scott has been active in church and civic affairs for Haskell County since 1942, along with his school work. He has served as minister of the Rule Church of Christ for the and civic affairs of Haskell County places in Haskell civic and service organizations. He was minister of the Knox City Church of Christ three and one-half years before accepting the work at Rule. Only last month he was named president of the Haskell Lions Club, having served the organization as vice president the year before. He held membership in both the senior and Junior Chambers past 15 months, and has held various offices in Haskell, was on the local Boy Scout committee and was secretary of the West Texas Area Council of Camp Five Girls. He is a member of the National Educators Association and the Texas State Teachers Association.

Mrs. Scott also has been active in Haskell organizations and church work. She was historian of the Progressive Study Club. The Scotts have two children—Larry, seven, and Betty Ruth, two years of age. The family is selling their home at Haskell and are expected to get moved to Hamlin within a few days.

The family left July 28 for Marshall to visit his parents, Mr. and Mrs. R. A. Scott, and the former Haskell superintendent was slated to preach there. They will take a short vacation before returning to West Texas.

GOVERNOR'S RACE TOPS INTEREST OF VOTERS SATURDAY

Jones County voters went to the polls Saturday 4,596 strong and made their choices for public office. As predicted before the election, interest was greatest in the governor's race, and the Congress race was a close second.

There will be only one county office run-off as a result of Saturday's polling, that for county tax assessor-collector. In this race Elzy Bennett will be pitted against Weaver Baucum. W. K. Horn was eliminated from the three-man race.

In the Congress race, complete unofficial count of votes gave these Jones County standings: William W. Blanton, 522; Ted Miles, 920; Robert B. Herring, 141; Bryan Bradbury, 95; R. M. Wagstaff, 208; Gib Sandefer, 95; Omar Burleson, 2,350; and Mrs. Nina J. Headrick, 71.

First at Seymour Rodeo Won by Jessie Myers

Seven first places out of nine rodeos entered this year is the record of Hamlin's popular rodeo sponsor, Jessie Myers, daughter of Mr. and Mrs. Reagan M. Myers.

A beautiful saddle and \$45 cash constituted Jessie's winnings last week-end at the Seymour Cowboy Reunion and Rodeo, when she took first place in a spirited contest entered by more than a score of cowgirls of West Texas.

Miss Myers is scheduled to enter the Big Spring Rodeo next week-end which is slated to attract one of the biggest fields of sponsors in the West.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

WHEAT PRODUCERS MAY GET BENEFIT OF PRICE INCREASE

Several wheat producers of the Hamlin area who were required to sell half of their wheat between May 23 and the lapsing of OPA on June 30 will be given a chance to take advantage of future price increases, the Department of Agriculture announced from Washington Tuesday.

About 30,000,000 bushels of wheat were bought in the United States by the government under a requisitioning program whereby farmers who delivered their wheat to elevators between May 23 and June 30 were forced to sell half at time of delivery to relieve the wheat shortage at mills and to relieve the need for export. They could store the rest if they desired.

These farmers now may pay to the Commodity Credit Corporation the amount for which the wheat was sold and receive a certificate instead.

This certificate will require CCC to pay the market price for the wheat sold as of any date the producer elects before next April 1—but the producer may not select a date prior to the date that he elects to get his certificate.

Thus, the farmer cannot take advantage of the temporary jump in grain prices that occurred after the OPA died June 30 or prior to the time he elects to participate in the new program.

Marshall, who has been acting manager in the region for two years. The latter is being transferred by the company to an unannounced location.

Watson, who has been in this part of West Texas for several years, recently returned to Stamford after 20 months of service in the Army. He spent about a year of that time overseas, seeing duty in the Philippines and Japan.

Three years ago, before entering the Army, Watson was manager of the Rotan sub-district.

Included in the Hamlin sub-district are Sylvester, McCaulley, Roy-

District Voters Thanked By William W. Blanton

I want to thank everyone from the bottom of my heart for the fine plurality given me in the first primary. I am glad that my opponents received such good votes, too, because they are fine people, who worked hard and ran a clean race. They deserve every vote they got.

I hope to be able to show my gratitude by serving you well as your representative in Congress, and I promise you that if you choose to elect me, I will give everything there is in me to giving you hard-working, able, fearless representation in Washington. — William W. LET'S PLAN FOR NEXT YEAR'S RODEO NOW

One of the finest pieces of Hamlin community publicizing ever done was the crowd-attracting, notoriety-getting Hamlin Rodeo staged in the spring. And good publicity is one of the best tonics a town and community can get—if it wants to grow.

And now is the time to begin planning for next year's Hamlin Rodeo and those for subsequent years. Surely there is no doubt in any person's mind, who marvelled at the hundreds of people which this year's show attracted, but that the exhibition should be an annual affair. Permanent grounds must be established, since the equipment was moved from the city ball park and stored.

As already suggested by officials of the rodeo and other citizens, an ideal place for the permanent show grounds will be just north of the Katy Railroad tracks, where ample facilities can be installed for an expanding annual rodeo.

Every civic club in Hamlin should add the rodeo to its agenda of worthwhile projects for the current year. The rodeo is a community affair, a non-profit-making institution that will help put Hamlin on the West Texas map.

POLITICAL POT COOLS CONSIDERABLY

About 80 per cent of the political candidates were eliminated from the running in last Saturday's Democratic primary election in Texas. Some mighty good folks were defeated—but the people spoke their choice and all of us must abide by the vote count.

A lot of the bitterness of some of the state races will cease, and we hope it will not be renewed in the few run-off campaigns that remain. We have in mind especially the governor's race, in which lots of immaterial things were injected into the campaign just closed. We believe citizens of the state generally are interested in the qualifications of the candidates—not in certain acts of candidates. To be pointed, what in the world has the operation of the University of Texas got to do with a governor's qualifications? Let each of the two run-off candidates tell us why he should be elected to the office—not why the other one should not be named.

Most district and county and precinct races were clean. Particularly was the congressional race, which attracted eight candidates, conducted on a clean non-mud slinging basis.

When bitter words are not hurled in a campaign, winning or losing is a lot easier—because those involved don't have so much to be sorry for.

HOUSE NUMBERING WILL SIMPLIFY TOWN

"John Doe? Oh, he lives up that way about two blocks, then go that way till you come to the little white house on the corner—and John lives about three doors west of there, or maybe it's a block farther on."

That, Hamlin folks, is the way the general direction toward the house of the average resident of the town is given for a stranger. And is the stranger mortified by the hick-town directions!

If there is one project that needs to be pushed in Hamlin it is the job of numbering our houses. Two civic groups have included this job in their programs for the year. A concrete plan for numbering the houses will probably be announced within a few days.

And while we are numbering the houses, how about using a systematic street naming formula? For example, numbers of area towns have adopted simple plans on this order: Streets are given numbers, beginning at the extreme north edge of the town (which would probably mean starting First Street some eight or 10 blocks north of the Katy Railroad to allow for years of growth), then naming them in numerical order going south; and naming north-south streets avenues of the alphabet, as Avenue A, Avenue B, etc. (beginning probably with the colored section and naming them going west).

Under this system, a stranger would not have to know the name of a single street if he knows his ABCs and can count. After finding one marked street, he can figure the location of any given house.

The simplicity of the A-B-C principle is made more effective when the average citizen endeavors to name the streets in our town now. How many street names do you know?

WHAT CONTEMPORARIES ARE SAYING

DISPOSITIONS OF WAR-TIME CLERKS

It's about time somebody said something nice about the war-time clerks, waitresses and other service people in Post.

Of course, occasionally, we were mistreated by careless and incompetent clerks who just didn't care whether they did a job for their employers or not. Then, too, once in a while, we'd run across an employer, getting rich fast, who was very independent and who just wasn't a bit nice about anything.

But the point we'd like to make is that when folks make a sweeping indictment that everybody was discourteous during the war they are being very unjust to a large rank of people.

The vast majority of sales people, clerks, waiters, filling station attendants, grocery clerks, etc. deserve no indictment. These people made a real contribution to the home front. They worked hard, treated impatient and demanding people with courtesy and reflected credit on their employers. In fact, we've figured the good out-figured the bad by a margin of 20 to one.

Folks in service jobs had some trying jobs during the years just behind us so when you say all sales clerks and other service people were discourteous you'll have to prove it to us. We've worked with them, talked with them and had business with them, and with only a very small per cent it was just not so in our town.

In those nations where free enterprise has been either destroyed, crippled or subject to iron-handed political control, a free press has become a thing of the past. The press in such nations is simply a sounding board for dictatorship—the ruthless voice of the clique in power. It is not a coincidence that this is so. When a man or a group of men reach out to seize the economic resources of a nation, the first step must be to control that nation's sources of opinion and information. There can be no opposition. There can be no dissent. The death of free enterprise is inevitably accompanied by the death of a free press.

EX-ENGINEER WILL LEAD IN REVIVAL AT McCAULEY CHURCH

Dr. W. Y. Pond is slated to do the preaching in a revival meeting beginning Sunday, August 4, at the McCauley Baptist Church, according to Rev. C. E. Dick, pastor. Stanley Jackson will be in charge of the music.

The series of services will continue through August 18. Services will be held at 8:00 p. m. each day.

Dr. Pond was a railroad engineer before he entered the ministry. He often preaches what he calls his railroad sermon. This sermon is based on the Bible, and he illustrates his points by experience as a railroad engineer.

"As pastor, Dr. Pond has served some of the best churches in the state," Rev. Dick states, "but practically all of his years as a preacher he has given himself to the field of evangelism. He is serving under the state evangelistic board, having been elected by Texas Baptists as one of their evangelists."

All people to the McCauley area are invited to the series of services, Rev. Dick declares.

Texas Leads All States In Number Polio Cases

Texas is reported leading all states of the nation in the number of polio cases for the year. Infantile paralysis already has struck more people this year than in the comparable period of 1944, second worst polio year in the nation's record.

Up to July 13 this year there were 2,596 cases throughout the country compared with 1,752 for the similar period of 1944. Texas leads the nation with 391 cases and Florida runs a close second with 338.

ELECTRICITY IS IN GOOD HANDS!

More Power

The cutting of land by the plow, the drilling of an oil well in the ground, the use of an axe against an oak—These are the symbols of man's power. That is how the pioneers of this country fought for survival. We have come a long way since then, but we still retain the initiative that built this country—freedom of enterprise.

Now the battle with nature has changed. Business-managed, tax-paying electric companies have turned the surging tide of nature's power into work beneficial to you. Giant turbines convert power to electricity to bring greater convenience, more pleasure and better living to homes everywhere.

COUNTY QUOTA IN FINAL U S O DRIVE NOT YET ASSIGNED

Hamlin and Jones County have not been assigned quotas as yet, but in typical style Texans are accepting their responsibility to put the state "over the top" in the next and final USO drive, Governor Coke R. Stevenson, general chairman, said this week.

Texas' share of the \$19,000,000 quota is \$800,000. Stevenson added "We are particularly pleased with the manner in which Texans are accepting the responsibility of leadership in the counties throughout the state. These leaders are providing the backbone of the organization necessary to make this drive a success."

Stevenson pointed out that there are approximately 125,000 Texans

Weather Bureau Charts 1" of Rain for Week—July 30 to August 5

OVER 100 DEGREE WEATHER HOLDS SWAY IN SECTION

Old Sol has really been beaming down on West Texas during the past week, and the Hamlin area has received its portion of hot weather.

Temperature readings have been above 100 degrees practically every afternoon for a week now, the high being reached Monday afternoon when the 104-degree mark was tabulated by privately owned thermometers.

Since no rain has fallen in the Hamlin section for about three weeks, things are really getting parched, including crops, trees and flowers.

Hot winds have continued to sear half-grown maize crops that are nearly ready to "give up the ghost" as far as producing good yields are concerned.

Hot weather of the past three weeks have "put the heat" on the city water works. Water usage has a little more than matched the filtering and pumping facilities of Hamlin, city officials declare.

Other portions of Texas were sweltering under late July suns this week. El Paso reported an unofficial 108½ degree reading Monday afternoon.

Miller Defeats Mauzey For Associate Justice

Judge E. J. Miller of Brownwood widened his lead on the basis of first of the week returns from the Saturday primary election in his contest with Judge A. S. Mauzey of Sweetwater for associate justice of the 11th court of appeals.

Monday night totals gave Miller 41,588 votes to Mauzey's 35,104. These tabulations did not include a few votes in Eastland County, but there were not enough unreported ballots to change outcome of the race.

COTTON COUNCIL AIDING DRIVE FOR STAPLE STABILITY

Present program sponsored by the National Cotton Council is designed to prevent recurrence of below-cost prices for the greatest single industry of cotton growing in the United States, declared Charles McDaniel of the NCC at the Tuesday noon meeting of Hamlin Lions Club at the Morgan Hotel.

"Something had to be done about the fluctuating of prices of cotton from six cents to 48 cents per pound," stated McDaniel, "and the National Cotton Council was organized to do that very something. Beginning in 1937, when cotton was bringing six and eight cents per pound, the council set out to find means of cutting production costs, increasing yields per acre and finding new uses for the staple that was being threatened by inroads of synthetic fibers," McDaniel stated.

The council is supported by producers, ginners, warehousemen, compress and seed crusher units and spinners, McDaniel pointed out.

The speaker showed samples of new developments with cotton fibers that promise increased utilization of the South's major crop.

Following reading of a suggested resolution born of the international convention recently in Philadelphia, favoring passage of amendments by Congress providing for economic freedom for private enterprise, the club voted to table the resolution for the time being.

Guests at the Tuesday luncheon were Paul Conrad of Delaware, Harold Houser of Lebanon, Pennsylvania, Bobby Watson and McDaniel. Bill Eysen Jr. acted as taitwister at the Tuesday session.

To the Voters of Jones County: I am sincerely grateful to those of you who so graciously supported me in the recent primary. I thank it that the best man won, and I wish him every success. Respectfully—Joel V. Grimes. 1c

THANK YOU, FRIENDS

Although I did not receive the votes in Saturday's election to reelect me as your county commissioner of Precinct No. 1, I am sincerely appreciative of those who did support me. I hold no ill will toward those who did not support me.

I have tried to make you a good commissioner, and can look back without many regrets. I shall be found cooperating with my successor in any way possible. Yours in service—G. R. Riddle. 1p

POT-SHOTS FROM MCCAULLEY

BY GEO DARDEN

Mr. and Mrs. Bob Meeks and children of Borger are visiting with her parents, Mr. and Mrs. J. T. Rhoten.

The Methodist meeting in progress at the McCaulley tabernacle will continue all this week. Rev. A. B. Armstrong, Methodist pastor at Sylvester, is doing the preaching.

Mrs. Frank Maberry is in a very serious condition at a Rotan hospital, and doctors have little hope for her recovery at this writing.

Mr. and Mrs. N. D. Miers and son were visitors with relatives and friends in McCaulley last Sunday.

Home, to be at the bedside of their mother, who is seriously ill, are Frank Maberry Jr. and Mrs. Alice Bender of California, Mrs. Creed Smith of Odessa, Jek Maberry of Jonesboro, Arkansas, and Marvin Maberry of Fort Worth.

Mr. and Mrs. L. S. Chism of Los Angeles, California, visited last week in the home of her parents, Mr. and Mrs. Rufus Herbst, in McCaulley.

McCaulley softball club seemed to have had a tough game with the VFW team at Hamlin last Friday night. The McCaulley players, who won the first half in the league, were somewhat disgusted and talked of quitting the league after the game, but after a pep talk by Manager R. L. Miers, they decided to fight it out for the second half. After some 40 years at ball playing R. L. (Red) Miers still likes the game, but admits he is getting too old to get the job done as a play—but he is too old to be a quitter. So, boys, the old home town is depending on you to "bring home the bacon" in the second half. Win, lose or draw, the fans are for you down in this neck of the woods.

The past four months we have all been more or less interested in Texas politics. Somebody must lose when they bet or run for office. It's a pity that all cannot win. We only hope all the folks will settle down and vote for the men of their choice—but vote! It's our American right and duty.

Visiting in the home of Mr. and Mrs. Ben Short on Tuesday of last week were her sister, Mrs. D. W. Smith, and son, Gordon, of DeLeon. Gordon has recently returned from Germany, where he was with the American occupation forces.

Mr. and Mrs. Melvin Courtney and daughter are spending their vacation in Waco and other East Texas cities. Melvin Hunter is rural letter carrier in the absence of Mr. Courtney.

It seems that the big softball game at Hamlin between the McCaulley team and a Hamlin team nearly turned out to be a "free-for-all" one night last week. Both sides, we hear, claimed unfair tactics. Well, anyway, outside of a few black eyes, swollen ears, plenty of loud talk and all that goes with the sport—all are safe at home once again, even though the drug stores got a nice play from the sale of rubdown medicines of all descriptions.

Two hundred and thirty-three voters cast their votes at McCaulley last Saturday in the Democratic primary as compared with 177 votes two years ago. Leading candidates at the box for Congress were: Burselson with 49 votes, Ted Miles with 39, Bill Blanton with 36, Gib Sandefer with 32, and Bryan Bradbury with 21. All good boys, we think.

D. I. (Ike) West is the new commissioner-elect for Precinct No. 2 in Fisher County. Although E. C. Waldrop carried the home box at McCaulley by a margin of 68 votes, West carried all other boxes in the precinct and won the election by 85 votes in total count.

There will be run-offs in three commissioner precincts in Fisher County. In the Rotan precinct Ted Underhill led the ticket and will go into the run-off with the present commissioner, Mrs. Ed Harris. In Precinct No. 1, Sylvester, J. T. Stam-

ford led the ticket and will be in the run-off with W. H. (Hoss) Barton. In precinct No. 4 E. M. Grindstaff led the ticket and will go into the run-off with the present commissioner, Joe Wetsel.

Hamlin Shows Gain in Gas Firm Connections

W. M. Braymer, district manager of the Stamford office of Lone Star Gas Company, this week reported that gas meter connections in Hamlin have shown a good gain during the past several months, which proves that the town is enjoying a steady growth.

Lone Star now has about 600 gas connections during peak seasons, the report by Braymer shows.
